BOOK SYNOPSIS

Classical Mythology, Sixth Edition, continues to build on its best-selling tradition of focusing on the literary tradition of Greek and Roman mythology through extensive translations of original mythological sources. Its coverage of comparative and interpretative approaches as well as evidence from art and archeology is expanded in this edition. Morford and Lenardons insightful and accessible discussion of classical myths in their historical and cultural settings, as well as their survival in literature, art, music, and film, remains unparalleled: This comprehensive introduction to classical mythology features new translations, expanded critical coverage, an expanded art program, and a new web site.
