BOOK SYNOPSIS

Based on Professor Edward Imwinkelried's authoritative American text, but amended for the Irish market by Dr Liz Heffernan and Ray Ryan, *Evidentiary Foundations* is a unique text which analyses the law of evidence as it is applied in the courts. *Evidentiary Foundations* provides brief, succinct explanations of the fundamental rules of evidence and practical guidance as to their application in court. It outlines a step-by-step approach to laying the necessary foundations for the introduction of items of evidence. Through the use of hypothetical factual scenarios, this book converts substantive rules of evidence into concrete lines of questioning.
