BOOK SYNOPSIS

Thousands of natural materials can produce glorious color--the insect cochineal produces pink, maroon, and purple, and more than 500 species of plants produce indigo blue. Now, in *The Modern Natural Dyer*, expert Kristine Vejar shares the most user-friendly techniques for dyeing yarn, fabric, and finished goods at home with foraged and garden-raised dyestuffs as well as with convenient natural dye extracts. Demystifying the "magic," Vejar explains in explicit, easy-to-follow detail how to produce consistent, long-lasting color. With stunning photography of the dyes themselves, the dyeing process, and 20 projects for home and wardrobe (some to knit, some to sew, and some just a matter of submerging a finished piece in a prepared bath), *The Modern Natural Dyer* is a complete resource for aspiring and experienced dye artisans.
